Iran and the Global Economy

The contributions in this volume by experts in the field address ways in which in the space of three decades, Iran's economy has evolved from a strong aspiration to develop an "independent economy" to grappling with debilitating international economic sanctions.

Iran and the Global Economy

The escalating confrontation between the United States and Iran over the latter's nuclear program has triggered much debate about what actions should be taken to ensure that Iran does not develop a nuclear weapon. How might certain actions against Iran affect the global economy?

Iran and the Global Economy - Federation Of American

Iran might respond.

Iran and the Economic Fallout of COVID-19 - Middle East ...

How will the Trump administration act? Iran, a major oil producer and a member of the OPEC, is the biggest oil exporter to China and is among the top 15 hardest hit countries.
